Allowable Subject Matter

Claims 1-17 are allowed.

The following is an examiner's statement of reasons for allowance: the prior art of record does not teach a thermally conductive adhesive consisting of a silicone pre-polymer which includes the improvement of finely divided silicon carbide and finely divided silicon, in the composition.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Mahulikar et al, Chung and Imanishi et al are cited for disclosing thermally conductive adhesives with silicon carbide.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Mark H Paschall whose telephone number is 703 308-1642. The examiner can normally be reached on 7am - 3pm.
